COMPANY DESCRIPTION

SHREY ENTERPRISE has been doing business since 2006. Family owned and operated, we blend technology and quality workmanship with personal, one-on-one service. Our skilled fabricators will provide high quality results. We can custom-design any job to match exact specifications. We listen to the customer's needs and provide the very best we have to offer - that's our guarantee! As a family owned business, we're not happy until we make the customer happy. And when the job needs to be done quickly, we keep in mind that our family name is on the line for each and every project we undertake. That's the difference between doing the job and doing the job right, on time, every time.

We subscribes to an unwavering and uncompromising commitment to personal and product safety for its employees, customers and clients. The equipment and material that

we use in our manufacturing processes and the end products that are produced will be continually evaluated for personal, environmental and workplace safety. Employees will regularly attend safety meetings and conferences. Potentially unsafe conditions in the workplace will be identified and corrected. Our clients and customers will be encouraged to view Health and Safety as a team effort and everyone's responsibility.

We believe an empowered organization is one in which individuals have the knowledge, skill and opportunity to succeed personally in a manner that leads to corporate success. SHREY ENTERPRISE is extremely fortunate to possess this core organizational strength.

Our growth and progress would not have been possible without the teamwork and dedication of our professional staff.

We have delivered satisfaction to our clients with quality craftsmanship and personalized service. With the growth of technology and the increasing skills of our workers, we can ensure efficiency in any task that we perform. Contact us today and let our family provide you with professional service at the most competitive prices!

MISSION AND VISION

SHREY ENTERPRISE is engaged in quoting for turnkey, design and build projects to customer-based comprising Clients, Investors, Consultants and others. It is having staff of Engineers

mainly engaged in design, coordination, construction and marketing. The key feature of the

Company is to emphasize on the quality and price of the project and the customer support provided

by its Engineers.

MISSION & VISION

- Tailoring project plans according to Client's specific requirements.
- Constructing on-time and budget compliant profitable and quality projects.
- Operating new and state-of-the-art equipment.
- Devising quick and effective solutions to construction problems.
- Providing honest and hard working employees.
- Exercising safe construction activity at all times.
- Applying professional standards and principles.
- Maintaining flexibility to changes in project requirements.
- Offering post-construction follow-up services

BLASTING AND PAINTING

Our combination blasting and painting facility is designed as a space saving alternative to having separate blast room and painting rooms. This design offers substantial space and cost savings and is ideally suited for surface preparation, paint stripping and painting of large items, ie ship blocks, steel fabrications, rail cars, containers etc.

We are also doing water jet blasting.

We are backed with a team of experienced men to work under our guidance in the projects. They are high experience and experts in their respective domain. Our professionals include:

- **Blaster**
- **Painter**
- **Quality engineer**
- **Supervisory personnel**
